Farrukh's China trip

Shenyang Oct 15–20 · CMEF Beijing Oct 21–24, 2026

What to buy, who makes it, and how to check it's OK for America.

🛑 **No deposits.** Quotes only. Harris approves before any money moves.

📝 **Get it in writing:** FDA number, UL or ETL number, US power (110V), price FOB Dalian with delivery time.

🇺🇸 **Run the "OK for America?" check** at every supplier (page with the Chinese questions is in this guide).

📨 **Every evening:** send Harris your quotes and photos on WeChat.

CMEF FAIR

第94届中国国际医疗器械（秋季）博览会

首都国际会展中心，北京市顺义区空港街道裕东路55号

Capital International Exhibition & Convention Center, 55 Yudong Rd, Shunyi. Subway Line 15 to Hualikan (花梨坎) exit C. It is next to the older China International Exhibition Center, so check the hall on your badge

CONTENTS

1. Day-by-day plan
2. Machines to buy from China (with companies)
3. Questions to show suppliers, in Chinese
4. Buy these in the US
5. Best in the world vs Neko
6. Fun, food and mosques

Neko match: 5 of 5 = the same as Neko's scan, 1 of 5 = a little like it. Research as of Oct 15, 2026; Harris re-checks every FDA number before buying. Not legal advice.

1 · Day-by-day plan

Day 1 · Warm up — Thu, Oct 15 · Shenyang

📱 Phone setup

PREP · 10 MIN

Google Maps and Uber don't work well in China.

- ☐ Install Amap (高德地图) for directions
- ☐ Install Dianping (大众点评) for hours and prices
- ☐ Install DiDi (滴滴) for rides
- ☐ Set up Alipay or WeChat Pay

🩻 Real scan center

BUSINESS · 45 MIN

Our scan room must move a member in and out in an hour. See how they do it.

沈阳东软医学影像诊断中心 和平区三好街36号（盛京医院南湖院区对面）
36 Sanhao St, Heping, across from Shengjing Hospital (Nanhu)

- ☐ Watch the path: check-in → change → scan → results
- ☐ Count changing rooms per scanner
- ☐ How do they show results? Screen, paper or app?
- ☐ Photos of the waiting area, if allowed

💡 Say you're opening a health center in America. Ask for the manager: 经理 (jīnglǐ).

Mukden Palace

FREE TIME · 2 HR

The Qing emperors' first palace. Zhongjie street (中街, “Middle Street”) is next door for dinner.

沈阳故宫 沈河区沈阳路171号
171 Shenyang Rd, Shenhe. Check hours on Dianping

- ☐ Bring your passport for the ticket
- ☐ Walk Zhongjie after

Day 2 · Scanner maker + big onsen

Fri, Oct 16 · Shenyang

Call Neusoft Medical

BUSINESS · 15 MIN

China's big scanner maker. Which of its ultrasound models are FDA-cleared?

东软医疗系统股份有限公司 浑南区创新路177-1号
177-1 Chuangxin Rd, Hunnan

- ☐ Call first; no public showroom
- ☐ Which ultrasound and X-ray models have FDA 510(k)?
- ☐ Who is the US distributor?
- ☐ Ask for a brochure with US prices

♨️ Ōedo Onsen like an owner

BUSINESS · 3 HR

We're losing our locker rooms. See how they move thousands through showers and lockers.

沈阳大江户温泉 浑南区浑南西路彩霞街10甲6号
Caixia St off Hunnan West Rd, Hunnan

- ☐ Count showers, lockers, saunas, pools
- ☐ Follow the path: front desk → first bath
- ☐ Photo of the price board
- ☐ What else do they sell? Food, massage, rest rooms

💡 Go as a guest. Enjoy it. Notes after.

🏛️ Zhang's Mansion

FREE TIME · 1.5 HR

The warlord Zhang Zuolin's home. Chinese and European buildings side by side.

张氏帅府 沈河区朝阳街少帅府巷46号
46 Shaoshuaifu Lane, Shenhe. Check hours on Dianping

Day 3 · Sauna floors

Sat, Oct 17 · Shenyang

🔥 Tianbo sauna floors

BUSINESS · 2 HR

Saunas at different heats, side by side. We want more than one heat room.

天泊圣汇 浑南区三义街6号天水e城
6 Sanyi St, near the Olympic Sports Center, Hunnan

- ☐ How many heat rooms? How hot is each?
- ☐ What are walls and floors made of?
- ☐ Photo of the membership prices
- ☐ How do staff clean between guests?

📲 Message the spa makers

BUSINESS · 30 MIN

Sauna, hot tub and plunge makers mostly won't be at CMEF. Message them tonight for a video tour and a quote.

Machines: Saunas · Hydro pools and spa · Cold plunge chillers

- ☐ Sunrans (saunas, hot tubs): chat on Made-in-China
- ☐ Hi-Q and SYOCHI (plunge chillers): ask for the UL or ETL number first
- ☐ Ask each one: “Which US brands do you make for?”
- ☐ Send the answers to Harris

🌳 Beiling Park

FREE TIME · 2 HR

Huge park around Emperor Huang Taiji's tomb. Best in autumn.

北陵公园 皇姑区泰山路12号
12 Taishan Rd, Huanggu. Check hours on Dianping

Day 4 · Cold rooms

Sun, Oct 18 · Shenyang

❄️ Snow room + private baths

BUSINESS · 2 HR

We plan a cold side and private suites. See it done well.

新北汤温泉 沈北新区杭州路193号
193 Hangzhou Rd, Shenbei New District

- ☐ Snow room: size, temperature, how long people stay
- ☐ Private rooms: price per hour, what's inside
- ☐ Photos of finishes and lighting

🖼️ Liaoning Museum

FREE TIME · 2 HR

One of China's best for painting and calligraphy. Usually free with a passport.

辽宁省博物馆 浑南区智慧三街157号
157 Zhihui 3rd St, Hunnan. Book on Dianping; usually closed Mondays

Day 5 · Sauna builder

Mon, Oct 19 · Shenyang

🛠️ Sauna builder quote

BUSINESS · 2 HR

Saunas are where China saves most. But heaters need UL or ETL to pass in New Jersey.

沈阳利雅桑拿泳池设备有限公司 沈阳（地址待核实）
Address not verified. Call first

Machines: Saunas · Hydro pools and spa

- ☐ Check their license on gsxt.gov.cn
- ☐ See a finished sauna or sweat room
- ☐ Do heaters and controls have UL or ETL?
- ☐ Price one 6-person sauna, FOB Dalian

💡 No UL or ETL = our inspector can't sign it off. Then it's ideas only.

🎫 Fair prep

PREP · 20 MIN

Pre-registering skips the line. Bilingual cards get you taken seriously.

- ☐ Pre-register on cmef.com.cn (passport)
- ☐ Sign up for WeMatch meetings and the International WeTour
- ☐ Print bilingual business cards
- ☐ Book a hotel near Shunyi

Day 6 · Train day

Tue, Oct 20 · To Beijing

🚄 Train to Beijing

PREP · ~3 HR

About 3 hours. Arrive the night before so day 1 starts early.

沈阳北站 沈阳北站
Shenyang North Station (some trains use Shenyang Station)

- ☐ Book on Trip.com or 12306 with your passport
- ☐ Pick a train to Beijing Chaoyang (北京朝阳站). Fastest is about 2.5 hours, and it is closest to the fair
- ☐ From Chaoyang: subway to Wangjing, then Line 15 north to Hualikan (花梨坎)

Day 7 · Scan machines

Wed, Oct 21 · CMEF Beijing

🔊 Ultrasound: Mindray, Edan, SonoScape

BUSINESS · 1 HR

Chinese brands with FDA-cleared ultrasound, sold by US dealers. Mindray's US HQ is 40 min from 510.

迈瑞 Mindray · 理邦 Edan · 开立 SonoScape

Machines: Handheld heart ultrasound

- ☐ FDA 510(k) number of the exact model
- ☐ Name of the US dealer near New Jersey
- ☐ China price and US list price, in writing

🧍 3D body scanner

BUSINESS · 45 MIN

A monthly re-scan keeps members coming back to the app.

3D体态扫描仪

Machines: 3D body scanner

- ☐ US power version? (110V/60Hz)
- ☐ UL or ETL listing number?
- ☐ App in English? Where is data stored?
- ☐ Price FOB Dalian

⌚ Pulse band and smart scale

BUSINESS · 1 HR

Our own band and scale. Look in the smart health and medical electronics halls.

智能手环 · 体脂秤

Machines: Pulse band (our own wearable) · Pulse smart scale (like Hume Body Pod)

- ☐ Ask: “Which US brands do you make for?”
- ☐ FCC ID and battery papers (UN38.3)?
- ☐ Can our app get the data, on our own US server?
- ☐ Minimum order with our logo, and the price

✨ Skin analyzer

BUSINESS · 45 MIN

About $2,000 here vs $7,000–20,000 for the US brand.

美斯 Meicet

Machines: Face skin analyzer

- ☐ Ask for the US FDA listing
- ☐ English software?
- ☐ Real price FOB Dalian + delivery time

Day 8 · IV + recovery

Thu, Oct 22 · CMEF Beijing

💺 IV chairs

BUSINESS · 45 MIN

Four chairs for the recovery lounge. Only if FDA-registered.

输液椅

Machines: IV recliners (4) · Treatment and blood-draw chairs · Medical fridge with alarm

- ☐ FDA establishment registration?
- ☐ Fire-safe fabric certificate?
- ☐ Price for 4, FOB Dalian

🔴 Red-light beds

BUSINESS · 45 MIN

$135K in the US vs ~$15K here, but only with a real FDA number.

红光床

Machines: Red light bed

- ☐ K-number in writing
- ☐ UL or ETL listing?
- ☐ Price FOB Dalian

💡 No K-number? Take a brochure and walk on.

🦵 Compression boots

BUSINESS · 30 MIN

Cheap, popular, keeps the recovery room busy.

空气波压力治疗仪

Machines: Compression boots

- ☐ FDA registration?
- ☐ Price for 4 sets, FOB Dalian

📈 ECG, vitals, grip meter, stethoscope

BUSINESS · 45 MIN

The Neko-style basics. Buy them through the US office of the Chinese brand, so ask for that.

心电图机 · 生命体征监护仪 · 握力计

Machines: 12-lead ECG (heart tracing) · Vital-signs monitor · Grip strength meter · Digital stethoscope (heart sounds)

- ☐ Edan: ECG and iM3 monitor. Ask for the US price via Edan USA
- ☐ Contec: ask who sells it in the US
- ☐ STEMO: digital stethoscope. Which models are FDA-cleared?
- ☐ Ask for the K-number of each exact model

Day 9 · Final quotes

Fri, Oct 23 · CMEF Beijing

👀 Look only: artery machines

BUSINESS · 20 MIN

No Chinese one has FDA clearance that we found. We buy this in the US.

动脉硬化检测仪

- ☐ Ask if any model has FDA clearance
- ☐ Take a brochure. Don't order.

🏆 Final quotes: your top 3

BUSINESS · 2 HR

Second visits get better prices.

- ☐ Final price in writing, FOB Dalian
- ☐ FDA and UL/ETL numbers on the quote
- ☐ Delivery time and warranty
- ☐ Photo of every quote

💡 No deposit, even for a fair discount.

🐉 Forbidden City or Great Wall

FREE TIME · HALF DAY

Mutianyu is close to the fair and calmer than Badaling.

慕田峪长城 北京市怀柔区慕田峪
Mutianyu Great Wall, ~45 min from Shunyi. Or the Forbidden City (book online with passport)

Day 10 · Send it home

Sat, Oct 24 · Beijing

📤 Send Harris everything

BUSINESS · 20 MIN

Quotes only help once they're in the plan.

- ☐ Send every quote photo and brochure to Harris
- ☐ Mark your top pick for each item
- ☐ One thing that surprised you

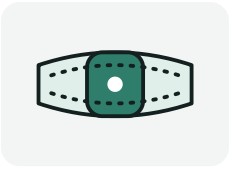

🦆 Free time in Beijing

FREE TIME · FREE

Hutongs at Nanluoguxiang, Wangfujing, or Peking duck.

2 · Machines to buy from China

Each machine: what it needs to be legal in America, how close it is to Neko, and the companies to visit.

Pulse band (our own wearable)

智能手环（白标定制）

A screenless band with the Pulse logo: heart rate, HRV, sleep and blood oxygen, linked to the Pulse app.

US: WHOOP: ~$199–359 per member per year · **China:** Quote needed (private label)

MUST HAVE

FCC ID · Battery shipping papers · Our app and our data · Data stays out of China · Real business license · Wellness claims only · 2 customers we can call · Written price

NEKO MATCH

Wearable data: **1 of 5** a little like it

Neko doesn't make a band. It only imports sleep, steps and HRV from Apple Health. Our own band would go further than Neko here.

COMPANIES TO VISIT · 5

J-Style (Joint Chinese Ltd) · Dongguan HQ · Shenzhen wearables

⚠ FCC filings under code 2AB73. FDA claim not verified

Where	Not confirmed at CMEF. Ask for a video call and samples. They exhibit at Global Sources Hong Kong.
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Shenzhen, about 4h (estimate).
Who uses them	✓ Nordic Semiconductor press release: uses their chip in a ready-made smart ring ⚠ They say: Rings: minimum 500, 20–35 days
Connect	Global Sources and Alibaba stores
Watch	Closest to a WHOOP-style screenless band. Don't copy WHOOP's look: WHOOP sues lookalikes.

Viatom (Lepu Medical group) · Bao'an, Shenzhen · US office in Arcadia, CA

✓ FDA ✓ K191088 (Checkme O2 wrist oximeter)

Where	Check the CMEF app (they list at medical fairs).
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Shenzhen, about 4h (estimate).
Who uses them	✓ Its devices plug into the MedM remote-monitoring platform
Connect	US office in Arcadia, California CMEF app
Watch	Best route if we want a real medical blood-oxygen claim. No private-label program found.

Zepp Health (Huami, Amazfit) 华米 · Hefei

✓ NYSE-listed (ZEPP). Top quality

Where	Not confirmed at CMEF. Ask for a video call and samples.
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Hefei, about 2h30m (estimate).
Who uses them	✓ Xiaomi (Mi Band), still a reported business line
Connect	Amazfit business contact via zepp.com
Watch	Now focused on its own Amazfit brand (Helio Strap, $99). May not do small private-label orders.

Xiamen Linktop Technology · Xiamen

⚠ Australian medical listing ✓. FDA claimed, not found

Where	Not confirmed at CMEF. Ask for a video call and samples. Exhibits at IFA Berlin.
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Xiamen, about 3h45m (estimate).
Who uses them	✓ Listed as a medical device in Australia (TGA)
Connect	IFA Berlin exhibitor; contact via their website
Watch	Medical-grade partner, but check any FDA claim.

Starmax · Shenzhen · factory in Dongguan

⚠ No FDA. Consumer grade

Where	Not confirmed at CMEF. Ask for a video call and samples.
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Shenzhen, about 4h (estimate).
Who uses them	⚠ They say: Its Runmefit app: “25M users”
Connect	Alibaba / Global Sources
Watch	High-volume consumer factory. Fine for a basic band, not medical claims.

QUESTIONS AND ANSWERS

Which factory makes Hume's products? Hume's Body Pod scale: US customs records show it shipped from Shenzhen Unique Scales. Hume's band: not found. No customs record, FCC filing or teardown names its maker.

Which factory makes the best bands? For a WHOOP-style band with our logo: J-Style. Top quality: Zepp (made the Xiaomi Mi Band), but it may not take small orders. For a real medical blood-oxygen claim: Viatom (FDA-cleared).

Who makes WHOOP and Oura? Not public. WHOOP's FCC filing is under WHOOP itself. Oura says it makes in Finland and elsewhere, not China. Ultrahuman builds in Texas and India.

Can we copy the WHOOP look? No. WHOOP has sued Chinese lookalike bands and won. Get our own design and an IP promise in the contract.

Do we need FDA approval? Not for wellness (heart rate, HRV, sleep, general SpO2) with no disease claims. Anything like “detects AFib” or “sleep apnea” needs an FDA 510(k).

What else does it need for the US? An FCC ID (it uses Bluetooth), battery shipping papers (UN38.3), and a silicone strap tested for Prop 65. The FCC may stop accepting some mainland-China test labs, so ask which lab tested it.

Where does member data go? Must be our own US server, through an SDK. No band vendor we found promises to keep data out of China, so put it in the contract.

How many do we have to buy? Usually 500+ units with our logo (J-Style says 500 for rings). Ask each one.

Pulse smart scale (like Hume Body Pod)

体脂秤（白标定制）

A body-composition scale with our logo that syncs to the Pulse app. Optional add-on to the band.

US: Hume Body Pod: retail price varies · **China:** Quote needed (private label)

MUST HAVE

FCC ID · Our app and our data · Data stays out of China · Real business license · Wellness claims only · 2 customers we can call · Written price

NEKO MATCH

Body composition: 1 of 5

a little like it

Neko measures body fat and visceral fat with its own imaging device (added June 2026). A smart scale's estimate is much rougher. Good for daily tracking at home, not as a scan replacement.

COMPANIES TO VISIT · 1

Shenzhen Unique Scales · Longgang, Shenzhen

✓ Ships to Hume Health (customs records)

Where	Not confirmed at CMEF. Ask for a video call and samples.
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Shenzhen, about 4h (estimate).
Who uses them	✓ US customs records: digital scales shipped to Hume Health (maker of the Body Pod), latest July 2026. Shipping marks say “HUMEHEALTH”
Connect	Ask at CMEF or find them on Alibaba / Made-in-China
Watch	Customs records point to it, but neither company has confirmed it.

QUESTIONS AND ANSWERS

Who makes Hume's scale? US customs records show Shenzhen Unique Scales shipping scales to Hume Health. It's the strongest lead, but neither company has confirmed it.

Is it a medical device? Not if it's sold for wellness (weight, body fat, muscle). No disease claims.

Face skin analyzer Optional

皮肤检测仪

Photographs the face to show spots, pores and wrinkles.

US: $7,000–20,000 (Canfield VISIA) · **China:** ~$2,000

MUST HAVE

FDA listing · US power (110V) · Real business license · English software · 2 customers we can call · Written price

NEKO MATCH

Skin scan: **1 of 5** a little like it

Neko photographs the whole body (2,000+ images, plus heat and depth sensors) to track every mole. This analyzer does the face only. The close match is the Canfield Vectra whole-body system (4/5), which we buy in the US.

WHAT US SELLERS CHARGE

Zemits VeraFace (Zemits Official)	**$8,900**
M9 4D AI Skin Analyzer (Theia)	**$3,434**
Imagica AI Skin Analysis (Rejuva Fresh)	**$2,999**
Canfield VISIA (Canfield Scientific, NJ)	**$7,000–20,000**
Direct from the maker in China	**~$2,000**

美国卖家卖3000到8900美元。你们的出厂价是多少？
US sellers charge $3,000–8,900. What is your factory price?

COMPANIES TO VISIT · 1

Meicet (Shanghai May Skin) 上海美肤信息技术有限公司 · Shanghai (Minhang)

⚠ In the US device list, but no FDA clearance found

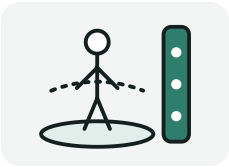

Where	Not found at CMEF. WhatsApp +86 182 2118 9532 or info@meicet.com for a video demo. 6F, Bldg 7, 7001 Zhongchun Rd, Minhang, Shanghai
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Shanghai is about 2h15m by air from Shenyang (estimate). Only worth it after a quote.
Who uses them	✓ TADLI resells the MC10 in Australia ⚠ They say: “In 80+ countries”
Connect	WhatsApp +86 182 2118 9532 or info@meicet.com Ask for a video demo on a real face
Watch	Use it as a photo tool only. No medical claims in the US. No US customers or distributor found. B2B listing marks the seller “unverified”.

QUESTIONS AND ANSWERS

Is a $2,000 Chinese one as good as the $7,000+ VISIA? The photos can be close. VISIA's edge is its skin-comparison database and US service. Ask for a side-by-side demo on your own face, then compare the reports.

Can we use it on members? Yes, as a photo and education tool. Never call the result a diagnosis.

Any hidden costs? Ask if the software needs a yearly license or a Chinese server, and what a replacement camera costs.

3D body scanner

3D体态扫描仪

Rotating scan of body shape for the monthly re-scan.

US: $10,000 + ~$100/mo (Fit3D) · **China:** ~$13,000

MUST HAVE

- UL or ETL safety mark
- US power (110V)
- Data stays out of China
- Real business license
- English software
- 2 customers we can call
- Written price

NEKO MATCH

Body composition: 2 of 5

partly like it

Shows body shape, measurements and an estimated body fat. Neko measures visceral fat with its own imaging, so this is a partial match.

COMPANIES TO VISIT · 1

Visbody 西安维塑智能科技有限公司 · Xi'an

⚠ No UL/ETL or FDA found

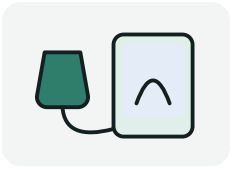

Where	Probably not at CMEF. They're at the Canton Fair in Guangzhou, Oct 31–Nov 4, booth 21.2B13-16. Ask for a video demo. 555 Shanghua Rd, Weiyang, Xi'an
Ask for	**Overseas sales manager** · 海外销售经理 (hǎiwài xiāoshòu jīnglǐ)
Get there	Fly Shenyang → Xi'an, about 2h45m (estimate).
Who uses them	⚠ They say: "18,000 locations in 69 countries"
Connect	visbody.com: distributor and virtual-demo request Canton Fair, Guangzhou, Oct 31–Nov 4, booth 21.2B13-16
Watch	Member data must not sit on a Chinese server. Says "FDA certified" but no FDA record found. No named US gym or clinic found.

QUESTIONS AND ANSWERS

Do members' scans leave the building? Ask where scans are stored. Health data on a Chinese server is a problem for a US clinic. Best: data on our own computer or a US server.

Is there a monthly fee? Fit3D charges about $100 a month. Ask if Visbody's software is a subscription.

How much room does it need? Ask for the floor space, ceiling height and weight limit of the turntable.

Handheld heart ultrasound

掌上超声

Quick heart look when a scan flags something. Chinese brand, buy from its US dealer.

US: $4,999 (GE Vscan Air) · **China:** $4,432 via US dealer

MUST HAVE

- FDA clearance (K-number)
- US dealer and service
- Real business license

NEKO MATCH

Heart ultrasound (echo):

2 of 5 partly like it

Neko appears to run full heart ultrasound with trained echo specialists (from its job ads). A handheld probe gives a quick look, not the same detail.

COMPANIES TO VISIT · 3

Mindray 深圳迈瑞生物医疗电子股份有限公司 · Shenzhen · US office in Mahwah, NJ

✓ FDA ✓ TE Air: K231685, K240906

Connect	CMEF booth SonoScape North America, Dallas TX (sonoscapenorthamerica.us) China HQ: +86-755-26722890
Watch	Ask which exact handheld model is FDA-cleared.

QUESTIONS AND ANSWERS

Why not buy it straight from China? Warranty, service and the FDA paperwork run through the US office. A direct import can be held at customs.

Which probe do we need for the heart? A cardiac (phased-array) probe. In Chinese: 相控阵探头 (xiàngkòngzhèn tàntóu).

Who is allowed to scan? Whoever the medical director approves. Check before buying.

12-lead ECG (heart tracing)

十二导联心电图机

The standard heart tracing, done at every scan. Chinese brands with US clearance, sold by US dealers.

US: from $3,085 (Edan SE-1200 via CME Corp) · **China:** Same machine via US dealer

MUST HAVE

- FDA clearance (K-number)
- US dealer and service
- Real business license

NEKO MATCH

ECG: ▬▬▬▬▬ **5 of 5** same thing

Neko records an ECG at every scan. A 12-lead ECG is the clinical standard, so this matches or beats it.

COMPANIES TO VISIT · 2

Edan 深圳市理邦精密仪器股份有限公司 · Shenzhen · US office in San Diego

Who uses them	⚠ They say: Sold on US marketplaces by China sellers
Connect	CMEF booth if listed Ask for their US agent and US distributor
Watch	No authorized US dealer found. Buy only a US-labeled unit with US service.

QUESTIONS AND ANSWERS

Why not buy it straight from China? Only US-labeled units with US service are safe to use on patients. FDA can hold imports without the right paperwork.

Edan or Contec? Edan: FDA-cleared (K102830, K171942) and has a US office. Contec: cleared too (K131900) and cheaper, but no US dealer found.

Does Neko do this? Yes, Neko does an ECG at every scan.

Vital-signs monitor

生命体征监护仪

Blood pressure, blood oxygen and temperature in one quick check.

US: Edan iM3 via Edan USA · **China:** Same machine via US dealer

MUST HAVE

- FDA clearance (K-number)
- US dealer and service
- Real business license

NEKO MATCH

Arm blood pressure and oxygen:

4 of 5 very close

Neko takes blood pressure on both arms and both ankles. This covers the arms and oxygen; the ankle part needs a separate US-bought machine.

Who uses them	⚠ They say: Sold on US marketplaces by China sellers
Connect	CMEF booth if listed Ask for their US agent and US distributor
Watch	No authorized US dealer found. Buy only a US-labeled unit with US service.

QUESTIONS AND ANSWERS

Which one? Edan iM3 (FDA K180380) from Edan USA. Note: some newer iM3s units had a recall in 2026. Ask if the unit is fixed.

A cheap backup? Contec CMS50D fingertip oxygen meter (FDA K082641), or Viatom (Wellue) devices sold in the US.

Does it do ankle pressure like Neko? No. The ankle-arm test needs a separate machine, and no Chinese one has FDA clearance. Buy Mesi or Huntleigh in the US.

Grip strength meter

Connect	integratedmedsys.com/eh101 Amazon US
Watch	One study names a different maker (Sensun) for the same model. Buy from a US seller.

QUESTIONS AND ANSWERS

Is a $40 one good enough? Studies compared the Camry EH101 with the Jamar (the clinic standard): readings were very close (about 2 kg lower on average).

Where to buy? In the US (IntegratedMedSys or Amazon). Easy and low risk. Keep one Jamar if you want to compare with research.

Check: Health data on a Chinese server is a problem for a US clinic.

Fire-safe fabric

面料有防火认证吗？比如美国CAL 117。

Does the fabric have a fire-safety certificate, like US CAL 117?

Check: Ask for the test report.

★ FCC ID

有美国FCC认证吗？请提供FCC ID。

Does it have US FCC certification? Please give the FCC ID.

Check: Look it up on fccid.io. The company name must match the factory.

★ Battery shipping papers

电池有UN38.3测试报告和MSDS吗？

Does the battery have a UN38.3 test report and an MSDS?

Check: Without these, the bands can't be flown or shipped legally.

★ Our app and our data

可以提供SDK或白标App吗？品牌和用户数据归我们所有吗？

Can you provide an SDK or white-label app? Do we own the brand and all user data?

Check: Get it in the contract. No owning the data = no deal.

Wellness claims only

在美国是作为健康类（非医疗）产品销售吗？血氧或心电功能有FDA许可吗？

Is it sold in the US as a wellness (non-medical) product? Do the SpO2 or ECG features have FDA clearance?

Check: Wellness wording only on our box and app, unless there's a K-number.

2 customers we can call

付款方式可以30%定金，70%发货前付清吗？

Can we pay 30% deposit and 70% before shipping?

保修多久？美国有维修服务吗？

How long is the warranty? Is there repair service in the US?

你们给哪些美国品牌做过？

Which US brands do you make for? (Harris checks the names on ImportYeti.)

4 · Buy these in the US

Can't or shouldn't come from China. Harris handles these from New Jersey.

🫀 Heart and artery check

Blood pressure on all four limbs, ankle-arm index (ABI) and artery stiffness. The core of a Neko-style scan.

🚫 Not from China: No Chinese machine has US FDA clearance for this.

Quote	**SphygmoCor XCEL (best for artery stiffness)** AtCor / CardieX (Australia), FDA K122129. Gold-standard neck-to-groin method
Quote	**Fukuda Denshi VaSera** Fukuda Denshi USA, Redmond, WA. Get the newer model's FDA number in writing (only the older VS-1500 is confirmed, K112521)
Quote	**Mesi ABPI MD (ankle-arm only)** FDA K172655. Through a US medical dealer
Quote	**Huntleigh Dopplex Ability (ankle-arm only)** FDA K121108. Through a US medical dealer

Neko match: 4 of 5. Neko does arm and ankle pressure, ABI and artery stiffness

⚖️ Body composition (InBody 770)

Muscle, fat and water, body part by body part.

🚫 Not from China: The same machine costs more inside China (about $37K vs $23.7K).

$23,705	**InBody 770** InBody USA, shop.inbodyusa.com

Neko match: 3 of 5. Neko measures body fat and visceral fat with its own imaging

🔬 Whole-body mole mapping

3D photos of the whole body that track every mole, year to year. The closest thing to Neko's skin scan.

🚫 Not from China: No Chinese company makes a whole-body mole-mapping system.

~$400,000 (one hospital's cost)	**Canfield Vectra WB360** Canfield Scientific, Parsippany, NJ (about 30 min from 510). Ask for its FDA listing in writing
Quote	**FotoFinder ATBM (Germany)** Possibly through DermLite in California (same group since 2024). Ask for US price

Neko match: 4 of 5. One US hospital charges $595 per scan, which shows how a scan like this is priced

🔎 Handheld mole scope (dermatoscope)

A lighted magnifier the doctor uses to look closely at one mole. Pairs with the whole-body scan.

🚫 Not from China: Chinese ones (e.g. IBOOLO) show no US FDA listing.

~$1,795	**DermLite DL5** DermLite, California

Neko match: Supports the skin check

🌡️ Medical thermal imaging (optional)

Heat picture of the skin. Neko adds this to its skin scan.

🚫 Not from China: No mainland Chinese thermal camera is cleared as medical. HIKMICRO or InfiRay cameras are industrial, not medical.

Quote **Med-Hot**
FDA K171928

Quote **USA Therm**
FDA K232462

Neko match: 2 of 5 on its own. Neko combines heat with photos and depth

👁️ Eye pressure test (tonometer)

Puff-of-air glaucoma check. Neko does it at every scan.

🚫 Not from China: No Chinese tonometer has US FDA clearance.

Quote **iCare IC200 (best pick)**
iCare (Finland), FDA K190316, K220852. No eye drops needed

Quote **Keeler TonoCare**
FDA K181143. Through a US eye-equipment dealer

Quote **Nidek NT-4000**
FDA K031733 (Japan). US eye-equipment dealer

Quote **Tomey FT-1000**
FDA K073087. US eye-equipment dealer

Neko match: 5 of 5. Same test Neko does

🩸 Same-visit blood analyzer

Cholesterol, HbA1c and more in minutes, like Neko's 30-minute blood results. Set aside 9/10 (outside labs instead).

🚫 Not from China: No Chinese analyzer has US FDA clearance.

Quote	**Abbott Afinion 2**	US medical dealers
Quote	**CardioChek**	US medical dealers (owned by Sinocare, but US-cleared)

Neko match: 3 of 5. Neko's on-site blood test covers more markers

💧 Infusion pumps

Control how fast the IV drip runs.

🚫 Not from China: Already cheap in the US; the FDA watches pumps closely.

~$395 each	**Baxter Sigma Spectrum, refurbished**	Relink Medical

Neko match: None. Neko has no IV

💦 Hydrafacial

Cleansing and serum facial.

🚫 Not from China: Chinese copies have lost US patent cases. Importing one risks seizure and a lawsuit.

$28,000+	**HydraFacial Syndeo**	HydraFacial (BeautyHealth). Used about $28K; new about $35–42K

Neko match: None

🔥 Sauna heaters and controls

The electrical heart of each sauna. The room itself can come from China.

🚫 Not from China: Must be UL or ETL listed or the NJ inspector won't sign off. No Chinese heater listing was found.

Quote **Northern Saunas (already in contact)**
1-844-240-9233. Ask for UL-listed heaters and controls

Neko match: None. Neko has no spa

5 · Best in the world vs Neko

For every part of Neko's scan: does China have it, and the best machine anywhere.

🔬 **Whole-body skin and mole mapping** · Neko: 2,000+ photos of the whole body, plus heat and depth sensors

🇨🇳 **Not from China: no Chinese company makes one**

BEST 🇺🇸 **Canfield Vectra WB360** — **~$400,000 (one hospital's cost)**
